

SURPRISE TEST BLACKOUT HELD TUESDAY NIGHT

DRILL LASTED 40 MINUTES
FROM FIRST ALERT TO
ALL-CLEAR

The surprise black-out for nine counties, including Putnam county came Tuesday evening at 9:08 o'clock, catching practically the entire population by surprise, as many had expected it to come later in the week. However the Putnam County Civilian Defense Council and staff of air-raid wardens were not caught off guard, and within a few minutes after the first alert was sounded, all were on duty at designated spots throughout the county to enforce the blackout which lasted 40 minutes from the time of the first alert until the all-clear was sounded.

The first that most residents knew of the alert was when the street lights went off. Almost immediately throughout the city, residential lights went out and the city was practically a total blackout within a very short time. Scattered lights here and there went out as air raid wardens warned those people having lights of the blackout, and when the alarm sounded that planes were overhead, the city was complying with the warning almost one hundred percent.

Short blasts of the fire department siren and the Gardner whistle indicated the periods of the blackout, along with the turning on and off of the street lights, which many followed as it was their only means of knowing the coming and going of the warning period.

To make the blackout seem more realistic, two regular west bound planes passed over the city during the blackout period, and if one had any imagination, they could visualize them carrying bombs for the community.

The city police cars were busy throughout the blackout period, and during the time, an ambulance with its siren sounding, came through the business district and covered portions of the residential district of the city.

The Civilian Defense Council, which had charge of the blackout, has its headquarters in the Prevo Building on east Washington street where a large switch board has been built, and a full staff was on hand Tuesday evening. This crew had charge of the air raid wardens, the police cars, the ambulances and other emergency matters, and received reports from various points in the county by telephone.

For some reason or other the information concerning the blackout did not reach Roachdale on time and as a result, the instructions there were not followed as they were in some other spots in the county. The information was late in getting to Bainbridge also, but they got in on the last part of it and everything was OK.

Russellville got their information on time and reports from that section said it was a perfect blackout in the northwest section of the county. Fillmore also got the word on time, and despite the fact that at one meeting, the speaker was just half through, the blackout was effective and the address was finished in total darkness. As the speech ended, the lights came on and the remainder of the meeting was carried out as usual.

TWO KILLED IN BLACKOUT

Mrs. Eliza Heaton of Bloomfield was killed during the blackout Tuesday night, when the car she was riding in near Bloomfield was hit by another car.

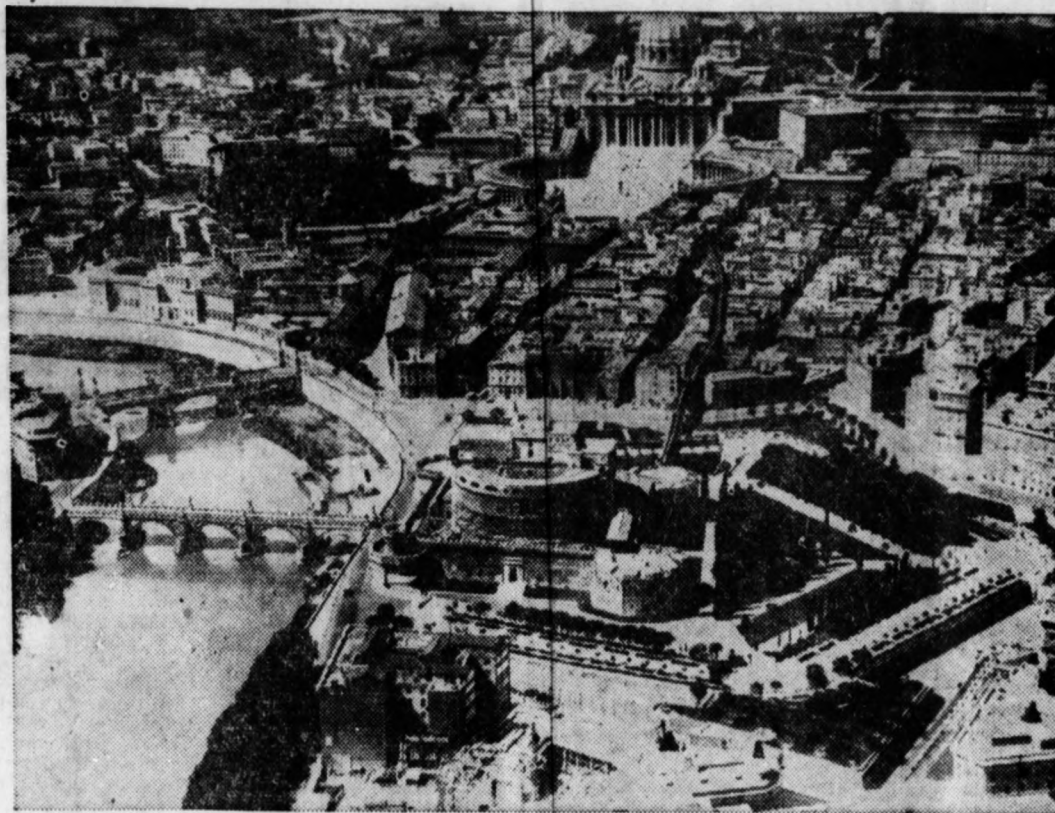

The second fatality in Greene county, was Wilma Bryant, age 14 of Linton. She was hit by an automobile while riding her bicycle during the blackout.

20 Years Ago IN GREENCASTLE

The tract of ground, south of Hill street and north of Hanna, adjacent to the Monon railroad and known as Sunset Hill was purchased by DePauw University.

Farmers reported that much wheat in shock is sprouting and moulding due to the recent rains.

Lightning struck the side of the Clarence Albright home near Manhattan, tearing off several boards and shattering a window. More than a half an inch of rain fell here. The temperature was 91 degrees.

COULD BE—Mussolini and his henchmen protest that Italy's capital city of Rome should not be bombed, but an official RAF spokesman recently said that if Italians want their capital removed from a military target list, they should halt all war activity in the city. Above, view of Rome, showing Basilica of St. Peter's and part of Vatican City.

NAZIS LOSSES INCREASE ON SOVIET FRONT

FIERCE RUSS COUNTER-ATTACK
PUSHES BACK GERMAN
ARMORED TROOPS

MOSCOW, July 7.—(UP)—A fierce Russian counter-attack has pushed back slightly German armored legions that captured two Soviet-held villages near Belgorod, the army organ Red Star said today as Nazi losses reached 1,271 tanks, 314 planes and 13,000 men in the 38-hour-old axis offensive.

Front dispatches said the Germans were battling along the 165-mile front between Orel and Belgorod with a ferocity and intensity unmatched since the start of the war and red army communiques indicated that large-scale fighting soon may spread to the Smolensk and Kalinin fronts.

Only at the Belgorod end of the embattled southern front were the Germans able to dent the Soviet lines despite their reckless expenditure of men and machines in what appeared to be a supreme bid to cripple the red army before an allied invasion of western Europe.

(A roundabout report from Moscow published in the London Daily Mail said that the Germans had 4,000 tanks available for the southern front offensive, but apparently already had lost more than 25 per cent of them.)

(London sources estimated Russian strength between Orel and Belgorod at 20 armored brigades, equipped with Russian Klim Voroshilov heavy and T-23 medium tanks. American Shermans and British Churchills.)

The Germans paid with more than 100 tanks for the capture of the two villages near Belgorod, 50 miles above Kharkov, the Soviet Tuesday midnight communique said, and then were forced to give ground slightly in the face of the Russian counter-attack.

A special communique placed German losses between Orel and Belgorod yesterday alone at 433 tanks and 111 planes, but field dispatches (Continued on Page Three)

ANY BONDS TODAY

Miss Evelyn Crump Pennies annual July War Stamps and Bond sale is under way. An attractive booth has been arranged with Miss Crump to take care of stamp and bond sales. Last year the local Penny store was one of the leaders in War Stamp and Bond sales in the district.

AUTO COLLISION OCCURS DURING COUNTY BLACKOUT

One auto accident, in which two cars were damaged to the extent of about \$200, occurred Tuesday night during the county blackout.

A Buick sedan, driven by Paul Cox, and a Chevrolet sedan driven by Hans Gram, met head-on just east of the city limits about 9:30 p. m. Fortunately no one was injured. Mr. Cox, according to the police, was headed west, returning to Greencastle, and Mr. Gram was en route east at the time of the mishap. Each car, it was reported, sustained damages of approximately \$100.

BLACK-OUT NOTES

P. B. Hutcheson, living west of Hamrick Station, said he could hear the fire siren and the Gardner whistle here, during the blackout and the all-clear signal, he heard from Brazil. Mr. Hutcheson said it was the second time that he had heard a signal from Greencastle, the first time being the college bell which he was able to hear at some celebration in past years.

Someone in the Alamo Building, both on the second floor and the basement evidently forgot the blackout and the lights burned throughout the period.

Air Raid Wardens had to go to both the county hospital and the nurses' home to tell the folks there about the blackout as they could not hear the signals.

Those attending the picture shows were informed of the blackout during the show and no one was permitted to leave the shows during the period.

Some motorists either forgot the blackout or did not think it applied to them, as they continued driving on down town streets under film-lights, but wardens patrolling the streets and soon ran them to the curb and blacked out their lights. The police car had to run down one light truck driver going east on Walnut street. He was finally stopped near the high school building.

If the black-outs are to come very often, the city will have to devise some warning system, whereby residents will be able to hear it and know what is going on. Otherwise many will not know of the blackout and may violate it.

Some few electric signs were left burning down town and these were reported to the proper authorities. Some stores also had signs left on in them and in a few instances the owners could not be located.

COMPROMISE LOOMS

WASHINGTON, July 7.—(UP)—The fate of the administration's subsidy-rollback program and of the Commodity Credit Corporation depends today on a Senate-House conference committee which has been heavily "loaded" with members favoring a compromise.

The conference meets today in an attempt to soften another Senate demand that the program for cutting the retail prices of food through subsidies be killed.

The administration is counting heavily on the persuasive powers of Senate Democratic Leader Alben W. Barkley of Kentucky, who was appointed a conferee, in getting a bill which will be acceptable to the President.

War Production Fails To Climb

WASHINGTON, July 7.—Arms production failed to show any gain in May, Chairman Donald M. Nelson of the War Production Board disclosed today in a gravely worded report which described the slackening of the production pace as "a very serious matter."

Apparently hinting at imminent military operations on a major scale, Nelson declared in his monthly production communique: "We are on the verge of one of the greatest trials in our national history."

"We cannot afford to relax our efforts for an instant. On the contrary, we must prepare ourselves to meet calmly and steadily the greatest strains to which we may ever be subjected."

Overall war production was virtually unchanged in May over April, the WPB chief said. Gains were recorded only in aircraft, which went up 5 per cent, and in Navy and Army vessels, up 2 per cent.

In the other major programs declines were recorded: A 3 per cent drop in tanks, artillery, antitank weapons and other ground ordnance; a 7 per cent setback in miscellaneous munitions and a 4 per cent drop in merchant vessel construction.

123 Cadets Leave University Campus

Detachment of 123 cadets from the DePauw University naval flight preparatory school for advanced instruction in war training service centers was announced today by Lieutenant Edwin N. Dodge, officer in charge of the DePauw navy school.

Cadets leaving DePauw were members of Battalion III which began training here in March. Other members of the battalion were detached for advanced training three weeks ago.

Detached cadets were sent to the University of Wisconsin, Madison, Wis.; the University of Wyoming, Laramie, Wyo.; Wenatchee Junior College, Wenatchee, Wash.; the University of Idaho, Pocatello, Ida.; Fullerton Junior College, Holbrook, Ariz.; Lewiston State Normal, Lewiston, Ida.; and Glenwood Manual Training School, Glenwood, Ill.

"A" BOOKS ISSUED

In a report today, the local rationing board announced that approximately one half of the new gasoline books have been issued to owners of passenger cars in Putnam county. The new tire inspection records are being mailed with the books. The old tire inspection records that were sent in with the applications are being retained by the board.

New tire inspection records sent to car owners bear the board's stamp and signature showing tire applications to date. Future tire inspection records will be left on the back of the tire inspection records.

The balance of the A books will be mailed to car owners as soon as applications are received at the local rationing office.

SPECIAL SESSION

The city council will meet in special session Thursday evening at 7:30 o'clock to receive bids for repairing the Greencastle streets.

CAMPUS MEN TO BE JUGGLED ON CAMPUS THIS YR.

MANY CHANGES WILL BE MADE
AS RESULT OF WAR AND
COMING OF NAVY DEPT.

Numerous changes in sorority and fraternity life at DePauw University have resulted from the war as the number of male civilian students decreased with the extension of selective service and the calling of reserve forces for active duty.

Among most apparent surface changes will be the juggling of fraternity house occupancy during the war period to make the best possible use of the buildings in a time when the number of civilian men on the campus is too low to maintain ordinary fraternal life.

With Longden Hall, Locust Manor and Florence Hall, long men's halls of residence, occupied by cadets of the Naval Flight Preparatory School and Rector Hall and Lucy Rowland Hall taken over by Navy V-12 trainees, fraternity and sorority houses are expected to house an increasing percentage of civilian students.

Johnson House, occupied during 1942-43 by Pi Beta Phi sorority, is now being used as a men's residence center and will be so used during the ensuing year. Also in use as a men's hall is the Beta Theta Pi house. It is likely that it too will continue as a men's dormitory in the fall.

Members of Pi Beta Phi sorority have negotiated for the use of the Sigma Nu fraternity house this fall and will replace the fraternity men there probably for the duration of the war.

Arrangements for the use of other fraternity and sorority houses have not been completed, although plans are underway to adapt a number of fraternity houses into women's halls of residence to replace the housing space given to the Navy in Rector and Lucy Rowland Halls.

Rites Thursday For Mrs. Wallace

Mrs. Hattie Wallace, age 73 years, wife of Harmon Wallace, passed away Tuesday night at her home in Coatesville.

Mrs. Wallace, daughter of William and Mary Scott McCamack, was born in Jefferson township, Putnam county and spent most of her life in that community. Besides the husband, two brothers, Emory and Ernest McCamack of Jefferson township survive. She was the mother of Mrs. Kenneth Hurlburt, who passed away two years ago.

Funeral services will be held Thursday afternoon at 2:00 o'clock from the Walnut Chapel church, in charge of the Rev. Reuben Masten. Burial will be in the Walnut Chapel cemetery.

4-H CLUB IS SPONSORING DANCE AT CLINTON CENTER

A dance, the proceeds of which will be donated to the American Red Cross, will be held at the Clinton Center school building on Saturday evening, July 17. The dance is sponsored by the Lads and Lassies 4-H Club of Clinton township. A jitterbug contest will be one of the specialties. There will also be refreshments.

STATE EXAMINER FINDS CO. BUILDINGS INADEQUATE

An examiner for the Indiana State Department of Public Welfare, has visited the Putnam County Poor Home and has filed his recommendation, which is that Putnam county build a modern, fire proof, one-story County Home to replace the present inadequate one. This to be done as soon as possible.

The examiner found everything at the Home in splendid condition, except the condition of the building, which is now housing nineteen men and three women. At the time the Indiana Welfare law was passed, the tax payers were told it would do away with county institutions, thus reducing the expense of their maintenance, but today 10 years afterwards, the State Board is recommending in this county, that a new, fireproof, adequate one story building be erected for this use.

Glenn Deem is home on a furlough from Camp Bowie, Texas.

SERVING COUNTRY

Elmer Hurst

Elmer (Jack) Hurst is stationed at the Great Lakes Naval Training Station. His address is Co. 683, U. S. N. T. S., Great Lakes, Ill. He is the husband of Mrs. Lucille Hurst.

James L. Green

Corporal James L. Green, son of Mr. and Mrs. Lysie Green of Greencastle is stationed at Camp McCain. Miss. He is Battery Clerk of C. Battery of the 336th Field Artillery, 87th Division.

Farm Bureau Meet To Be Held Sunday

The annual home meeting of the Putnam County Farm Bureau, will be held Sunday, July 11, at Robe-Ann Park, providing the weather is suitable, otherwise the meeting will be held in the Assembly room of the court house. The meeting will be held at 8 o'clock. John T. Haramy, widely known teacher, lecturer and lawyer will be the principal speaker at eight o'clock, his subject being "America's Gift to the World."

Mr. Haramy was born in Jerusalem, Palestine, and came to America when a youth. He entered Earlham college and afterwards received degrees from Indiana University and Benjamin Harrison Law School. He served in the American forces in World War I and for two years was the Associated Press representative in the Near East. He is a gifted speaker and fills many engagements throughout the country and Putnam county Farm Bureau members who will attend, are assured of a rare treat.

FARM MACHINERY AVAILABLE IF REQUIREMENTS ARE MET

Philip B. Hutcheson, chairman of the Farm Machinery Rationing Committee, announced this morning that before any farmer may secure a certificate from the Farm Machinery Rationing Committee to purchase a farm machine, he must first certify to the committee in writing that he has found the machine in a dealers possession and that the dealer will sell it to him. This applies to any dealer in the state.

When he has done this and comes within the required standard, he can be issued a certificate by the Farm Machinery Rationing Committee to purchase that piece of machinery. Upon receiving this certificate, the dealer may release the machinery for sale to the purchaser.

PUTNAM COURT NOTES

Willard Weeks, 20, who escaped from the state farm August 28, 1942, was sentenced to the Indiana reformatory for 1 to 5 years by Judge Marshall D. Abrams.

Brown & Bigelow vs. D. J. Busch, suit on account.

10 JAP SHIPS ACCOUNTED FOR BY U. S. NAVY

ENEMY HANDED STINGING SET-
BACK IN BATTLE OF
KULA GULF

ALLIED HEADQUARTERS, Australia, July 7.—(UP)—U. S. warships probably have sunk or damaged 10 Japanese cruisers and destroyers in Kula gulf, a communique announced today, to win the biggest naval battle in more than seven months and perhaps doom Munda, the main enemy base in the central Solomons.

Gen. Douglas MacArthur, supreme commander of the coordinated offensives in the South and Southwest Pacific, said in his communique that the toll of enemy ships was based only on "preliminary dispatches"—a hint that the final count of Japanese losses may be even greater.

The victory achieved at a cost of one American cruiser sunk, threatened, if not cut, the supply line from the secondary base of Vila across the 10-mile-wide Kula gulf to New Georgia, on which Munda is situated.

An informed source at South Pacific headquarters of Admiral William F. Halsey, Jr., said that "operations are going fine" with the allies in firm possession of the initiative on land and sea and in the air in the New Georgia area.

He also reported that the Americans were meeting "continuing success" in their ground drive toward Munda, presumably in a push up the southeastern arm of New Georgia from Viru harbor, 30 miles distant.

With the danger of interception by Japanese naval forces lessened, American combat units encamped on Rendova island, south of New Georgia, may sweep across the five-mile-wide Blanche channel opposite Munda in assault boats for a direct attack on the base.

MacArthur reported that army and marine units on Rendova have been reinforced and are consolidating their positions. American batteries on Rendova already are shelling Munda in conjunction with allied air raids on the enemy base.

American warships steamed into narrow Kula gulf, off the northwest shore of New Georgia, and intercepted an enemy force of cruisers and destroyers Monday night, MacArthur's communique said.

Following up the latest victory, Dauntless dive bombers and Avenger medium bombers scored seven direct hits with 500-pound bombs on a damaged Japanese destroyer which had been beached after the battle near Bambera harbor, north of Vila on Kolombangara island, which lies across Kula gulf from New Georgia.

Violent explosions and fires followed the air attack, MacArthur's communique said. Seven Japanese Zero fighters intercepted the raiders, but escorting American Wildcats shot down four of them.

American torpedo and dive bombers also dropped 26 tons of explosives on Bairoko harbor, supply harbor for Munda on the northwestern coast of New Georgia.

INDIANAPOLIS LIVESTOCK

Prices on hogs were slow in developing Wednesday at the Indianapolis stockyards and only a few sales were made in the first hours of trading. Receipts were 9,000 and the few sales made were steady with the low time Tuesday, putting the top at \$14 down.

The early tendency in quotations on cattle was weaker. Trading here also was slow on a run of 1,000. Calves, with 600 in the pens, were steady at \$16 down. Lamb receipts were 800 and that market also was about steady with most going for \$14.50. A few outstanding sorts brought \$15.

Mrs. George Douglas was admitted to the hospital Tuesday.

Today's Weather and Local Temperature

A Little of... This and That

(By Jim Zels)

Mayor Ballard has a letter that has not only him, but his friends and yours truly stumped. The letter is from Poona City, India, and is evidently some kind of a Victory prayer. If anyone thinks he can interpret it, he is welcome to try. It's in our desk at the office. We believe the message was written by Sirdar D. V. Godhale, M. A., 604 Sadashiv Peth, Poona City, India. There is writing on both sides of a tiny sheet of white paper and it was mailed in May. That's about all we can tell you about it. Your guess is as good as ours to the contents.

Charley and George Rockwell, the well known Cloverdale brothers, dropped in yesterday afternoon to tell us that James G. Sipple, former Monon railroad agent in their town, has accepted a position in the office at the Indiana state farm. Mr. Sipple's many friends in the south part of Putnam county will be glad to learn this news.

"Be slow in choosing a friend—slower in changing."

Youngsters under 18 will have to present a good excuse to stay on the Greencastle streets after the new curfew law takes effect.

Remember last winter when you were wishing for this warm weather.

Headlines say the Yanks are forcing the Jap navy to fight. We hope the Allies can chase the Italian fleet out in the open, too.

The city council is coming all right in the way of meetings. Two special sessions and a regular gathering in less than a week should be some kind of a municipal record.

The blackout last night was no game—it was strictly business—a test ordered by the United States Army, and believe you me, they weren't fooling.

What became of the carnival???

FINGER PRINTING EMPLOYEES AT TELEPHONE EXCHANGE

Sgt. Scott Kirkham, who was in California for the last seven months on desert maneuvers and now stationed at Camp Bowie, Tex. returned to camp Monday evening after spending the last ten days with his parents, Mr. Mrs. William N. Kirkham.

SYNTHETIC RUBBER NEWS

Phillips Petroleum Company

Announces the Completion and First Operation of its 90,000,000 Lb. Butadiene Manufacturing Plant

For an annual production of rubber equivalent to 11,000,000 tires

A MODERN miracle of petroleum research and chemistry has figuratively transformed a few acres in the Panhandle of Texas into one-third of a million acres of rubber plantation.

Here rubber will be drilled from the depths of the U. S. earth, instead of tapped from East Indian and Malayan trees.

From wells overlying the greatest raw gas field ever discovered, will come the natural gas to be processed into butadiene, the basic and major ingredient in synthetic rubber.

This great plant... designed and built by Phillips... based on Phillips research... using Phillips own patented processes... independent of German research... will make butadiene for an equivalent of 30,000,000 rubber trees.

Thus is brought nearer the no-longer distant day of U. S. self-sufficiency in rubber. Thus is Victory made more certain. And with that great day will come the full peacetime benefits of this outstanding wartime development.

FOR VICTORY... Buy U. S. War Savings Bonds and Stamps

19 Highland street.

Another son, Cpl. Robert Kirkham, who has been in service 21 months, 18 of them being spent in the Panama Canal Zone, arrived back in the United States June 25th. He is now enjoying a short furlough, arriving home only one half hour before Scott had to leave to return to his camp. The two brothers had not seen each other for over two years. Robert had expected to arrive on Sunday but was delayed.

Guests Sunday at the Kirkham home were the boys grandfather, Henry Marsh, a great uncle, Elden F. Marsh of Paragon, Mr. and Mrs. Zona Milhon and son of Stilesville, Mrs. Marie McCloud and daughter, Dixie of Indianapolis, Herman Marsh of Hall, Mr. and Mrs. Frank Day of this city, Mr. and Mrs. Robert Best and daughter of Terre Haute and Miss Edna Belle Huestis of Liberty.

Buying a Want Ad in The Daily Banner is like employing a sales force.

LOSSES INCREASE

(Continued From Page One) said the German commanders were hurrying fresh units into battle in an attempt to achieve a large-scale breakthrough at all cost.

A hint that the Smolensk front, opposite Moscow, also may explode into action soon was seen in the Soviet high command's report of "active reconnaissance by both sides" in that sector. At one point, a Soviet patrol penetrated barbed wire entanglements, broke into the enemy defense line and killed nearly 200 troops in a hand-to-hand struggle.

On the Kalinin front, northwest of Moscow, German troops and tanks twice attacked a height wrested from them only late last month. Concentrated rifle and mortar fire dispersed the first attack.

The second attack, launched after strong artillery preparation, carried through to the southwest slope of the height, but a Russian counter-attack restored the situation.

GREETINGS TO CHINA

WASHINGTON, July 7.—(UP)—President Roosevelt sent the "heart-felt greetings" of America to war-torn China today on the sixth anniversary of the start of her conflict with Japan, and declared that the United States is redeeming its pledges to "neglect none of the roads to Tokyo."

The President's message was broadcast from San Francisco by short-wave to Chungking.

NOTICE OF FINAL SETTLEMENT OF ESTATE

NOTICE IS HEREBY GIVEN to the creditors, heirs and legatees of Anna Eliza Layne, deceased to appear in the Putnam Circuit Court, held at Greencastle, Indiana, on the 27th day of September, 1943, and show cause, if any, why the FINAL SETTLEMENT ACCOUNTS with the estate of said decedent should not be approved; and said heirs are notified to then and there make proof of their ship, and receive their distributive shares.

WITNESS, the Clerk of said Court, this 7th day of July, 1943.
No. 8328.
Omer C. Akers, Clerk Putnam Circuit Court.
Frank G. Stoessel, Atty. 7-2t.

Have a "Coke" = Welcome, Friends

... or how to get along in Alaska

The American soldier in Alaska meets up with a hundred little things that remind him of home. One of them is Coca-Cola. Have a "Coke", says he, and it clicks in the Yukon as it does in Youngstown or Yuma. From pole to pole Coca-Cola stands for the pause that refreshes—has become the high-sign between kindly-minded strangers.

GERMANS JITTERY

LONDON, July 7.—(UP)—Invasion-jittery German military authorities have proclaimed all Greece in a state of revolution and ordered the death penalty for even minor infractions of Nazi regulations, the Hellenic News Service in Cairo reported today.

Simultaneously, King Peter of Yugoslavia revealed in an interview that he has asked United States authorities in London to send military missions to his occupied land to aid Gen. Draja Mihailovitch, patriot leader, in laying the groundwork for cooperation of his guerilla army with allied invasion forces when they land in the Balkans.

Certificates for the First Aid course taught at the Greencastle High School in the second semester, 1941-42 been received at the Red Cross office. Those who completed the course may receive their First Aid certificates by calling at the Red Cross office.

Dan McCullough is home on a furlough from Drew Field, Tampa, Fla. His wife, Mrs. Ruby Blue McCullough and his sister, Mary Dolas, returned home with him.

4-H CLUB NEWS

The 4-H club Joyful Stitches met at the Vocational Building Thursday July 1st, at 1:30 P. M.

The meeting was called to order by President Dorothy Reeves. Roll was answered by size of shoe. Minutes of the last meeting were read. Mrs. Compton gave a demonstration on darts. Songs were led by song leader, Martha Stegmiller. Betty Jean Stites served refreshments of koolaid and cookies in honor of her 11th birthday.

The meeting was then adjourned.

IN MEMORY

In memory of our loving mother and daughter, Mary C. Burton, who died 11 years ago this 4th of July, 1932.
Gone but not forgotten.
The rolling stream of life flows on,
But still the vacant chair
Recalls the love, the voice, the smile
Of Mother who sat there.
The flowers we lay upon your grave,
May wither and decay,
But the love we have for you,
Will never fade away.
A loving mother so true and kind,
No friend on earth like her we find
For all of us she did her best,
May God grant her eternal rest.
Sadly missed by mother, step father and sons, Gerald and Robert.
